VISION, MISSION & VALUES

OUR VISION

Making quality healthcare services accessible for all.

OUR MISSION

"We Feel, We Serve"

- Providing free of charge, quality healthcare services to individuals from all walks of life.
- Continuing a legacy of selfless service.
- Developing empathetic, service-oriented future leaders in healthcare.
- Striving to improve the community by promoting a spirit of giving.
- Bridging the gap between the services provided at Dr. Ruth K. M. Pfau Civil Hospital Karachi and the community's needs.

OUR VALUES

- Faith
- Empathy
- Integrity & Respect
- Inclusion & Equity
- Family & Community

BLOOD TRANSFUSION SERVICES

The Blood Transfusion Services has been a cornerstone of Patients' Welfare Association (PWA) for **42 years**. In **1982**, PWA established its Voluntary Blood Bank at Dr. Ruth K.M. Pfau, Civil Hospital Karachi to ensure the availability of safe and screened blood products, especially when blood banking practices were inconsistent and unreliable. Today, PWA's Voluntary Blood Bank is the country's largest single-outlet blood bank, distributing around **150-200** units of screened blood products daily, entirely **FREE OF CHARGE**. Registered with the Sindh Blood Transfusion Authority (SBTA), the blood is meticulously tested against five key parameters: Hepatitis B, Hepatitis C, and HIV using Chemiluminescence immunoassay or (CLIA), Malaria, and Syphilis through Immuno Chromatographic Test (ICT) and Rapid Plasma Reagin (RPR) respectively, all under World Health Organization (WHO) guidelines.

PWA Voluntary Blood Bank has reached several significant milestones in the current fiscal year. On 1st August 2023, we proudly launched **ZAAVIA-PANACEA**, our advanced blood bank software, marking a significant step towards digitalized, paper-free blood banking. This innovative system streamlines and enhances our operations while introducing automated checks and balances at every stage, significantly reducing the risk of errors and ensuring greater efficiency and safety. PWA also started dispatching **Cryoprecipitate (CP) and Cryosupernatant (CS)** from fresh frozen plasma (FFPs) in November 2023, completely free of cost, further solidifying our commitment to providing essential blood products to those in need. These blood products play a key role in the management of rare blood disorders like hemophilia, Von Willebrand disease and protein deficiencies. In January, PWA also established a major agreement with the Neurology Department of Civil Hospital Karachi, providing them with crucial FFPs for their new plasma exchange unit going forward. Additionally, to maintain a steady supply of blood, PWA organized around **30 blood donation** drives throughout the year yielding an output of **over one thousand voluntary blood donations**, complemented by multiple awareness sessions regarding the importance of voluntary blood donation at various institutions, including Federal Urdu University, Karachi University, Dawood University of Engineering & Technology, Kiran Foundation, Mazin Academy, and Shamsi School. These efforts have significantly contributed to our mission of ensuring a reliable blood supply for the community.

Thanks to the unwavering support of our donors and well-wishers and the exceptional dedication of our volunteers and employees, PWA has been able to provide this life-saving service, free of charge, across Karachi for over four decades. With your continued support, we look forward to achieving even greater milestones in the years to come.

THALASSEMIA SERVICES

Thalassemia is a blood disorder that impairs the body's ability to produce effective hemoglobin, a vital component of red blood cells. This condition significantly reduces life expectancy and requires lifelong medical care, along with imposing a heavy financial and emotional burden on affected individuals and their families.

To address this critical health issue, Patients' Welfare Association (PWA) established the Thalassemia Daycare Centre (TDC) in 2011. It aims to provide quality care, management, and support to thalassemia patients, particularly those from underprivileged backgrounds. In this regard, PWA's Thalassemia Daycare Centre offers crucial services including, safe and screened blood transfusions, iron chelation therapy, necessary supporting medications, and routine laboratory investigations, free of charge. These services are administered under the supervision of a qualified consultant hematologist, medical officer, and trained nurses. Recognized by the Thalassemia Federation of Pakistan (TFP) for its substantial contributions to the prevention and management of Thalassemia, our TDC is currently serving more than **200** registered patients. This year, we were honored to be recognized as a **Thalassemia International Federation (TIF)** member.

To ensure the continuity of quality care for every registered patient, PWA runs the **“Sponsor A Thalassemia Patient” (SAT)** campaign every year. This initiative aims to raise the necessary funds to cover annual treatment costs ranging from **PKR 350,000 to 450,000** per patient.

The Thalassemia Daycare Centre (TDC) continued its mission of providing comprehensive management to patients in 2023-2024. A major milestone of this year was the **renovation of TDC**, with the acquisition of new beds and equipment to ensure a more comfortable and improved patient experience. This was generously supported by our dedicated alumni from the batch of 1994. As part of our holistic approach, counseling sessions were held for parents of our registered patients, focusing on nutrition and hygiene. Additionally, as a part of our efforts for thalassemia prevention, we offered free thalassemia screening tests to the extended family members of our patients. In February, we started using **Leukocyte Reduction Filters (LRF)**, which have enhanced the safety of blood transfusions by significantly reducing the risk of transfusion-related reactions.

A significant milestone was signing a Memorandum of Understanding (MoU) on 28th January with the **Department of Nutrition & Dietetics of Shaheed Mohtarma Benazir Bhutto (SMBB) Trauma Center** to provide free nutritional counseling to TDC patients. PWA also renewed its MOUs with the **Afzaal Memorial Thalassemia Foundation (AMTF)** and **The Health Foundation (THF)**. Their continued support has strengthened our ability to provide safer and more secure care for our patients.

PWA, apart from providing medical management, focuses on the mental and psychological well-being of its patients. In this regard, the **Healthy Mind activity** was organized by Dr. Dua Noorani, promoting personal hygiene among our TDC patients. **Storytelling sessions** were conducted in collaboration with **GoRead** to encourage mindfulness and promote mental revitalization. Furthermore representatives from the **"Make a Wish Foundation"** visited TDC, bringing joy to our patients with gifts and wishes. An MoU was signed with the **Faryal Kamran Initiative**, integrating our thalassemia patients into their **"Million Smiles Campaign"**, further strengthening our support network and bringing hope and smiles to many faces.

To amplify our impact, we actively engaged in community outreach. Our volunteers conducted Thalassemia awareness sessions at institutions like Shamsi School, Mazin Academy, Kiran Foundation, Karachi University, Dawood University, and Federal Urdu University, educating the public about the importance of early diagnosis and blood donation. Our volunteers represented PWA in the walk organized by Help International Welfare Trust (HIWT) to raise awareness about thalassemia.

We are deeply grateful to our donors and well-wishers for their generous support. Your contributions have been instrumental in enabling us to provide quality services and create a positive environment where our resilient patients can stay healthy, happy, and hopeful.

Vice-President,
Thalassemia Services

ANNUAL HIGHLIGHTS

NEW VENTURES

This year, we prioritized improving efficiency and operational management through the adoption of two key software systems to revolutionize our workflow.

ZAAVIA-PANACEA, our blood bank management software, was inaugurated on 1st August 2023 by our esteemed alumnus and board member, Prof. Dr. Abdul Bari Khan. This software has enhanced our ability to maintain real-time data accuracy, reduce manual errors, and ensure better coordination across departments involved in blood bank operations.

Prof. Dr. Abdul Bari Khan inaugurating the launch of ZAAVIA-PANACEA along with volunteers and employees

We also introduced **ERPNext**, an accounting software that has made managing our finances much simpler. It has helped us track expenses, plan budgets, and generate reports more efficiently, giving us better transparency and control over our financial processes.

ANNUAL HIGHLIGHTS

NEW VENTURES

We also achieved the highly anticipated **PCP accreditation**, which has added credibility and strength to our operations. Awarded by the **Pakistan Centre for Philanthropy (PCP)**, this certification is granted after a rigorous assessment of an organization's internal governance, program effectiveness, and financial management. This recognition reinforces PWA's trustworthiness as a leading philanthropic organization and serves as a powerful motivation to uphold our commitment to excellence in every aspect of our work.

PWA launched **MedConnect Series** as part of our ongoing efforts to expand educational outreach. The series featured insightful episodes, including **Dr. Najeeb Ahmed** (Batch 2001) discussing radiology, **Dr. Muhammad Sohaib Khan** (Batch 2012) sharing insights on training opportunities in Pakistan versus the US, and **Dr. Wasiq Paracha** (Batch 2016) elaborating on the idea of pursuing medicine in the UK.

ANNUAL HIGHLIGHTS

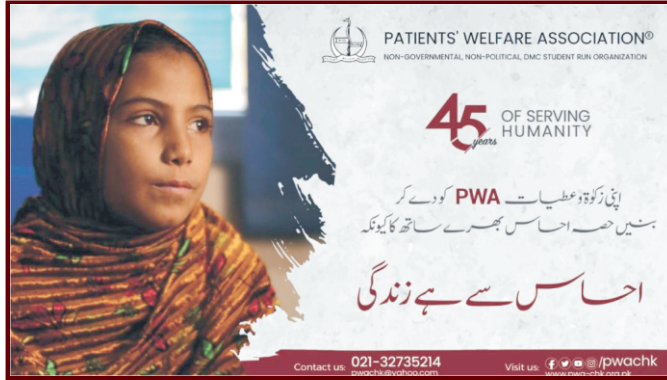

Donors' Conference 2023

On 23rd September 2023, Patients' Welfare Association hosted the **Donors' Conference 2023** at Dow Medical College, to honor the invaluable contributions of our generous donors. The event was graced by **Mr. Javed Iqbal, Director of JK Enterprises**, as the Chief Guest, alongside distinguished Honorary Guests, including **Mr. Shahid Anwar Tata, Prof. Dr. Saeed Mohammed Quraishy, Prof. Dr. Saba Sohail, and Dr. Syed Khalid Bukhari**. The conference showcased PWA's remarkable achievements and milestones, reinforcing our commitment to saving lives. **NewsOne Pakistan** covered the event, highlighting the profound impact of our life-saving services.

ANNUAL HIGHLIGHTS

ZAKAT CAMPAIGN 2024

On 26th February 2024, PWA launched its annual Zakat Campaign, our signature Ramadan fundraiser that stood out as one of the most impactful initiatives of the year. Flyers were distributed to a variety of areas and clubs such as **Landhi Association of Trade and Industries (LATI)**, **DA Creek Club**, **DA Sunset Club**, **Korangi Association of Trade and Industries (KATI)**, **Karachi Women Chamber of Commerce and Industries (KWCCI)**, **Karachi Golf Club**, and **Karachi Club**. The **Share Hope Campaign** engaged schools and universities for fundraising as well. Meetings with long term supporters and major philanthropists were also held, fostering strong connections and ensuring continued engagement with our donor community. As a result, the campaign was a major success, breaking all of our prior fundraising records.

Media Transmissions

To raise awareness for our cause, PWA placed advertisements in newspapers such as **Jang**, **Dawn**, and **Business Recorder**. In addition, renowned celebrities like **Behroze Sabzwari** played a key role in amplifying our appeal for support during the sacred month of Ramadan. Our volunteers also represented PWA on TV channels including **Bol News**, **TVOne**, and **Aaj Entertainment** and on radio stations such as **FM Awaaz**, **FM 107.4**, **FM 101**, and **FM 107**, significantly boosting visibility.

ANNUAL HIGHLIGHTS

Awareness Sessions and Voluntary Blood Donation Drives

This year, PWA organized **30** impactful blood donation camps and awareness sessions. We held university-based camps and partnered with organizations like **Progressive Traders, Lucky Textile and A.F. Ferguson & Co.** Community collaborations included **Imam Bargah and Bohrani Masjid, Dynamik Gym, and Mövenpick Hotel.** Blood donations from these camps enabled PWA to meet the needs of patients requiring life-saving transfusions, the awareness sessions helped us to promote health awareness within our community.

Corporate Partnerships & Support

This year, we made significant strides in engaging with the corporate sector. We are grateful to **NBP Funds, Arif Habib Corporation, Hilton Pharma, PARCO, INFAQ Foundation, and Abbott Laboratories** for their contributions through their Corporate Social Responsibility. Additionally, **Haseen Habib** sponsored fire extinguishers ensuring the fire safety of our facility, along with **Rehmat-e-Shireen and Walkeaze** placing our donation boxes at their outlets. Our volunteers also represented the organisation at the **HealthAsia International Exhibition and Conferences** at Expo Center Karachi that gave us a chance to develop valuable partnerships and interact with them.

PCP CERTIFICATION

We are proud to present our Pakistan Centre for Philanthropy (PCP) certification, a testament to our commitment to transparency and reliable service.

TREASURER'S REPORT

With the blessings of Almighty Allah SWT, Patients' Welfare Association presents its audit for the fiscal year 2023-2024, that has been a period of significant financial activity for PWA. This report provides an overview of our financial performance, including detailed insights into our expenses, income, endowment fund status, and milestones achieved in the year..

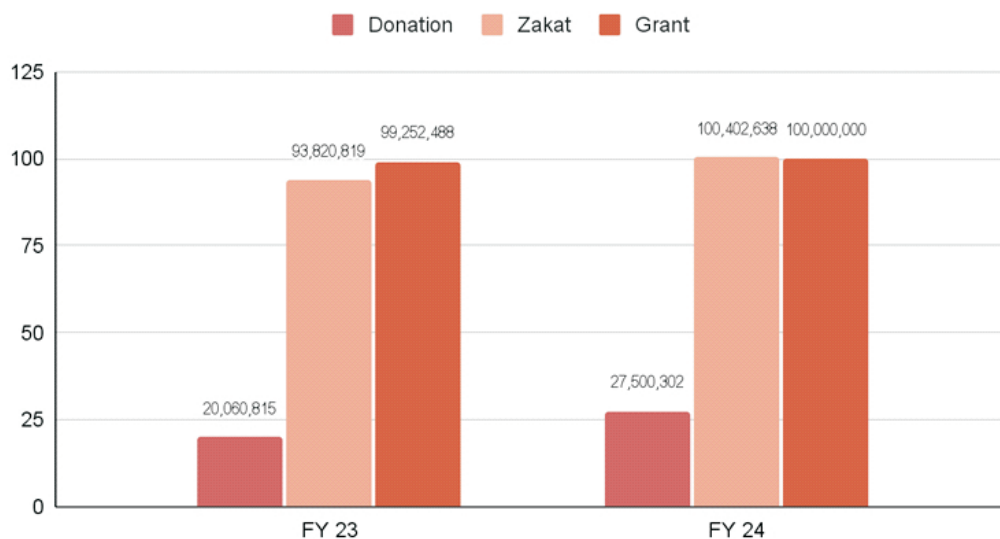

In the fiscal year 2023-2024, the total annual expenses amounted to **PKR 222 million**. Of this, expenditure on thalassemia services amounted to **PKR 39 million**, while that on blood bank administration and operations amounted to **PKR 187 million**.

Expenditure by Services

The total income for the fiscal year 2023-2024 was **PKR 264 million**. This income was majorly sourced from Grant in Aid from the Health Department of Sindh (PKR 100 million), Zakat (PKR 100 million), and donations (PKR 27 million). Furthermore, we yielded a significant amount from our annual Zakat Campaign amounting to PKR 75.8 Million.

2 Years Analysis of Income

The endowment fund for the fiscal year 2023-2024 stands at **PKR 13.5 million**. This fund is crucial for ensuring the long-term financial stability and sustainability of the association and one of our major goals going forward is to further nurture this fund. Another key step forward taken this year was increasing our bank profits, providing PWA with another avenue of funds for service provision.

A major milestone this year was the deployment of a new accounting software “**ERP-Next**”, a significant step towards enhancing our processes, transparency, and data management in all our financial operations.

The detailed audited financial reports for the year 2023-2024 are attached further. We are indebted to our supporters for putting their trust in us. The past 45 years of growth and success had only been possible by the endeavors of our volunteers, the unwavering support of our donors, and dedication of our employees. May Allah accept all our efforts for the benefit of mankind. Ameen

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE GOVERNING BODY

Opinion

We have audited the financial statements of **Patients' Welfare Association** ("the Association") which comprise the statement of financial position as at June 30, 2024 and the statement of income and expenditure, the statement of changes in accumulated funds and the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Association as at June 30, 2024, and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Association in accordance with International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide basis for our opinion.

Responsibilities of Management and Those charged with Governance for the Financial Statements

The management is responsible for the preparation and fair presentation of the financial statements in accordance with the approved accounting and reporting standards as applicable in Pakistan, and for such internal control as the management determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Associations' financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

BDO Ebrahim & Co. Chartered Accountants

BDO Ebrahim & Co., a Pakistan registered partnership firm, is a member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Associations to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner on the audit resulting in this independent auditor's report is Zulfikar Ali Causer.

PATRON

PRESIDENT

**PATIENTS' WELFARE ASSOCIATION
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2024**

1. NATURE AND STATUS OF OPERATIONS

Patients' Welfare Association (the Association) is a Social Welfare Organization carrying out welfare activities at Civil Hospital, Karachi. The Association was established in the year 1979. It is registered under Voluntary Social Welfare Agencies (Registration and Control) Ordinance, 1961 with Director of Social Welfare Affairs, Government of Sindh vide Reg. DSW(S)/399 of 1981 dated December 31, 1981.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan which comprise of:

- Revised Accounting and Financial Reporting Standards for Small-Sized Entities (Revised AFRFs for SSEs) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as notified under the Companies Act 2017; and

- Accounting Standard for Non Profit Organizations (NPOs) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as notified under the Companies Act 2017.

2.2 Basis of measurement

These financial statements have been prepared under historical cost basis, unless otherwise stated.

2.3 Functional and presentation currency

The financial statements are presented in Pakistani rupees ('Rupees' or 'Rs'), which is the Association's functional and presentation currency.

3 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the presentation of these financial statements are set out below. These policies have been consistently applied for the year presented, unless otherwise stated.

3.1 Property and equipment

Items of property and equipment are stated at cost less accumulated depreciation and impairment, if any. Depreciation is charged based on reducing balance method at the rates specified in note 4 to the financial statements. Depreciation on additions is charged from the month the asset is put into use, whereas depreciation is charged upto months in which asset is disposed off, in the year of disposal. The assets' residual values and useful lives are reviewed periodically and adjusted if it impacts on depreciation.

Maintenance and normal repairs are charged to the statement of income and expenditure as and when incurred. Major renewals and improvements are capitalized and the assets so replaced, if any, are retired.

Gain and loss on disposal of property and equipment is accounted for in the statement of income and expenditure currently.

Capital work in progress

Capital work in progress is stated at cost less impairment loss, if any.

3.2 Intangible asset

Intangibles are stated at cost less accumulated amortization and impairment losses, if any. Amortisation is charged on the reducing balance method as the rates specified in notes 5 of the financial statements.

Amortization is charged in the statement of income and expenditure from the month the asset is available for use by applying the reducing balance method at the rates specified in relevant note.

Costs associated with maintenance of intangible assets are charged to income and expenditure account as and when incurred.

3.3 Stock in hand

Stock in hand includes reagent and allied, antiseras, medicines, injections and screening reagents. Stock in hand is valued at lower of cost or net realisable value, whichever is lower and recorded using first-in first-out method.

3.4 Donation in kind

Donation in kinds are recorded at their fair value at the date of receipt in the relevant head of account, depending upon the nature of item received.

3.5 Cash and cash equivalents

For the purposes of cash flow statement, cash and cash equivalents consists of cash in hand and balances with banks net of borrowings not considered to be in the nature of financing activities.

3.6 Revenue recognition

Donations & grants either in cash or in kind are recorded when received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

3.7 Fund account

a) Restricted - Endowment fund

The Association has created endowment fund , in order to support financial difficulty, that may arise due to lack of adequate donations and zakat receipts in future financial years. These Funds are governed by the rules approved by the Patron. The contributions to the Funds include transfers by the Association from its surplus as well as amounts received in lieu of Grants.

b) Unrestricted - Accumulated surplus

Any excess of income over expenditure which is not transferred to endowment fund is taken to the accumulated surplus.

3.8 Taxation,

The association claims tax credit equal to one hundred per cent of the tax payable under section 100C of Income Tax Ordinance, 2001, including minimum tax and final taxes payable. Therefore, no provision for taxation has been recorded in these financial statements for current year.

3.9 Foreign currency translation

Foreign currency transactions are translated into Pakistani Rupees using the exchange rates prevailing at the date of the transactions. Assets and liabilities in foreign currencies are translated at the rate of exchange prevailing at the reporting date. Exchange gains and losses are recognised in the statement of income and expenditure.

These financial statements were authorized for issue on 15 OCT 2024 by the Governing Body of the Association.

PATRON

PRESIDENT

PATIENTS' WELFARE ASSOCIATION®
NON-GOVERNMENTAL, NON-POLITICAL, DMC STUDENT RUN ORGANIZATION.

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Shariah Compliance Certificate

Introduction:

Patients' Welfare Association is a non-governmental, non-political organization, managed by the students of Dow Medical College since 1979. Located in the premises of Dr. Ruth K.M. Pfau, Civil Hospital Karachi, it currently provides two services Free of Cost.

1. Blood Transfusion Services under which PWA's Voluntary Blood Bank was established. It is the largest single outlet Blood Bank in Pakistan.
2. Thalassemia Services which includes provision of regular blood transfusions, iron chelation therapy, lab tests and supporting medicines, free of cost, to registered thalassemia patients in Thalassemia Daycare Centre (TDC).

Mechanism of utilization of Zakat:

The organization's financial needs are being covered by Zakat and Donations, that individuals and corporate throughout the world contribute towards. A qualified scholar / mufti verifies the patients' financial condition and declares if they are Zakat deserving or not. If found deserving, permission is taken by the scholar / mufti for Zakat collection, which is then spent accordingly on the patient. Under these limits, the organization uses Zakat and Donation funds very carefully.

Shariah Ruling:

It is thereby certified that in the capacity of Shariah, we reviewed the procedures adopted by Patients' Welfare Association for collection and utilization of Zakat. We confirm that Patients' Welfare Association is collecting and spending Zakat fund in accordance with the principals of Islam as defined in the instructions of Shariah. It is also confirmed that whosoever will give Zakat to Patients' Welfare Association, their Zakat will be paid as per Shariah point of view.

Be the Lifeline: Support PWA's Mission to Save Lives

For the last 46 years, Patients' Welfare Association has been providing free-of-charge blood transfusion services, with a daily dispatch of over 150 blood bags which has only been made possible by our compassionate and altruistic donors. Based in Civil Hospital, Karachi, we receive innumerable requests for blood donations every day, with the fate of countless lives resting upon a single act of blood donation. By donating blood, you help us in saving the lives of a diverse group of patients, ranging from Trauma and emergencies to leukemia and thalassemia patients, desperately fighting for life. You have the power to save them. A single bag of blood can save three lives!

Our Thalassemia Daycare Centre is a beacon of hope for over 200 registered Thalassemia patients who rely upon monthly blood donations to survive. PWA has been nurturing their dreams and providing comfort by fully supporting them in their relentless struggle to combat Thalassemia.

By the mercy of Allah SWT, for over 45 years, we have successfully provided top quality healthcare services and catered to a multitude of patients, in which our selfless and empathetic donors have always played a great role. Your support is undoubtedly the backbone of our organization, it is indeed invaluable to our success. We urge you to keep supporting us and keep donating to help us save more precious lives in the future. Since PWA is set to remodel the Blood Bank this year, we need your continued support and assistance to make our vision a reality. As Hellen Keller said:

"Alone we can do so little, together we can do so much"

Join us in making an impact, help us bring smiles to beautiful faces, let's brighten futures together, because *Together We Can Make A Difference*.

"Miracles Do Happen"

PWA was started by the students of DOW Medical College in 1979, with the objective of supporting poor patients coming to Civil Hospital Karachi. However, Allah (SWT) gave the students a more specific path of saving the lives of hundreds of thousands of needy patients whose lives were threatened due to non-availability of screened and germ-free blood. Mostly, the blood transfusion is required when a patient's life is at stake, but the blood available was from professionals who were addicts of heroin and cocaine. Their blood was nothing but the center of all diseases.

The volunteers of PWA decided in 1982 to get rid of those addicts and start supplying neat and clean blood to the poor patients from their own resources, 100% free of cost.

This became the building of Pakistan's one of the biggest blood banks. From a small effort it became a huge source of saving lives. It was only possible through the hardwork and dedication of student volunteers to supply blood to the Civil Hospital patients. This is a unique organization which is run by the students only as there is no such example in Pakistan, and very few on the international level.

PWA has also become a place for the students to become leaders of tomorrow to excel in humanity and service to the society nationally and internationally.

One such example is the Indus Hospital, which was established by ex-volunteer students of PWA, led by Dr. Abdul Bari Khan.

I am proud of being associated with PWA for last 32 years, where I have seen 32 cabinets year after year, making PWA an example for others to follow.

PWA is also running a thalassemia day-care centre with more than 200 registered patients, under the supervision of experienced doctors and providing them neat and clean blood free of cost.

Patients' Welfare Association has always been a source of inspiration not only for me and my team but also the countless volunteers it has trained over the past 45 years. Through this journey, I have learned valuable qualities like teamwork and resilience in adversity. Our core values—respect, integrity, and empathy—have been the foundation of PWA's legacy, now entering its 46th year.

I feel immense pride in my team of dedicated volunteers, and hardworking employees, who achieved incredible milestones this fiscal year. Amongst our notable achievements are receiving certification from the Pakistan Centre for Philanthropy, showing our commitment to accountability and continuous improvement. We also deployed advanced accounting software 'ERP-Next', enhancing transparency in our financial operations and strengthening the credibility of our organization. Our volunteers also organized awareness seminars across educational institutions and corporate sectors, contributing significantly to our mission to make Pakistan a Thalassemia-free nation, where 100% of blood donations are voluntary.

Our strong belief in the value of community—where organizations sharing a common goal work together for a unified cause—has always been significant in our success. I extend our heartfelt gratitude to all of our collaborators for joining hands with us and supporting our mission.

I would like to express my deepest appreciation to our donors, well-wishers, and alumni, whose trust and generosity have been the driving force behind our meaningful impact. Their contributions have enabled us to continuously improve Blood Transfusion Services and Thalassemia Services, as well as sustain our initiative to provide blood products without requiring patients to return a blood bag. It is because of their generosity that we have initiated the Remodeling Project—'Rebuilding Hope', the aim of which is to create a state-of-the-art facility, enhancing the quality and accessibility of the services.

Above all, we owe our successes to the blessings of Almighty Allah. May He continue to guide PWA to be a beacon of hope for the patients and a nurturing ground for future leaders, Aameen.

Regards,

Ayesha Fareed

Founded by the students of Dow Medical College in 1979, Patients' Welfare Association (PWA) began with a mission to support underprivileged patients at Civil Hospital Karachi. Guided by Allah's (SWT) blessings, PWA soon evolved to address a critical need: providing screened, germ-free blood at a time when unsafe blood from professional donors endangered lives. In 1982, student volunteers took the bold initiative to supply clean blood entirely free of cost, laying the foundation for one of Pakistan's largest blood banks.

For 45 years, PWA has been powered by the tireless efforts of student volunteers, who not only save lives but also grow into compassionate leaders. This year, I am proud to celebrate significant milestones, including receiving certification from the Pakistan Centre of Philanthropy, reflecting our commitment to transparency and accountability. The deployment of advanced accounting software, 'ERP-Next,' has further strengthened our financial operations. We deeply appreciate our donors, well-wishers, and collaborators, whose generosity enables us to provide free blood products and support over 200 patients in our Thalassemia Day-Care Centre.

As we embark on the Rebuilding Hope project to establish a state-of-the-art facility, we remain dedicated to enhancing care and saving lives. May Allah guide PWA to continue being a beacon of hope and a source of inspiration for generations to come, Aameen.

Prof. Dr. Syed Sheeraz ur Rehman

MESSAGE

On behalf of the Administration, Medical Staffs, and Patients of Dr. Ruth K. M. Pfau Civil Hospital, Karachi I would like to express our heartfelt gratitude for the invaluable support your organization has consistently extended to our hospital and the patients in need.

As you are aware, our hospital serves as a tertiary care center, and we cater to a large number of patients, many of whom come from economically disadvantaged backgrounds. Your contributions whether it be a remarkable difference in the lives of countless individuals, ensuring they receive the necessary care and treatment.

Your dedication to improving the lives of the patients in our care is deeply appreciated. Your ongoing partnership has helped us enhance our services and provide an environment where patients feel supported both physically and emotionally. The positive impact of your work is evident in the improved recovery rates and patient satisfaction.

We look forward to continuing our collaboration with your esteemed organization in the future. Together, we can continue to make a difference in the lives of those who need it the most.

We extend our sincerest thanks for your continued support and dedication to the welfare of our patients.

MESSAGE

PWA is the oldest student-led non-governmental organization, serving the patient population of Civil Hospital Karachi since the last quarter of the previous century. Over this long period, it has provided great services in the field of safe blood transfusion and thalassemia care, in addition to clinical laboratory testing and medicine provision for the poor patients. Through a transparent audit and accountability system, it has optimally utilized the donations and philanthropic contributions, and maintained the trust of its donors and well-wishers.

For decades, this Association has remained a prime and bright example of student-led charitable work, fostering leadership and management skills, building on the empathy which this premier medical teaching Institution intends to inculcate and take firm roots in our graduates. This makes them bloom into an outstanding empathic healthcare provider which is the signature quality of Dow Medical College.

I wish continued success to the Patient Welfare Association and its present and future organisers.
